WEEKLY WEATHER OUTLOOK
19 - 26 APRIL 2024

TODAY UNTIL TOMORROW (19-20 APRIL), THE WHOLE ARCHIPELAGO WILL EXPERIENCE MOSTLY SUNNY TO PARTLY CLOUDY SKIES WITH WARM AND HUMID WEATHER CONDITIONS ASIDE FROM ISOLATED AFTERNOON RAINSHOWERS OR THUNDERSTORMS DUE TO RIDGE OF A HIGH-PRESSURE AREA AND EASTERLIES.

BY SUNDAY UNTIL MONDAY (21-22 APRIL), THE EASTERN SECTION OF MINDANAO MAY EXPERIENCE MOSTLY CLOUDY SKIES WITH SCATTERED RAINS AND THUNDERSTORMS DUE TO A POSSIBLE TROUGH OF A LOW-PRESSURE AREA (OUTSIDE PAR). HOWEVER, THE REST OF THE COUNTRY MAY STILL EXPERIENCE MOSTLY SUNNY TO PARTLY CLOUDY SKIES WITH WARM AND HUMID WEATHER CONDITIONS ASIDE FROM ISOLATED AFTERNOON RAINSHOWERS OR THUNDERSTORMS.

FROM TUESDAY UNTIL FRIDAY (23-26 APRIL), RIDGE OF A HIGH-PRESSURE AREA AND EASTERLIES WILL AGAIN BE THE DOMINATING WEATHER SYSTEMS IN THE COUNTRY CAUSING PARTLY CLOUDY TO CLOUDY SKIES WITH ISOLATED RAINSHOWERS OR THUNDERSTORMS OVER THE WHOLE ARCHIPELAGO.

THE UPDATES ON THIS OUTLOOK WILL BE PROVIDED THROUGH THE DAILY ISSUANCES OF PUBLIC WEATHER FORECASTS AND WEATHER ADVISORIES IF THERE ARE SIGNIFICANT CHANGES IN THE WEATHER SCENARIO.
