

Office of the President of the Philippines
CLIMATE CHANGE COMMISSION

CLIMATE CHANGE OFFICE

15 September 2017

VICENTE B. MALANO, PH.D.

Administrator

Philippine Atmospheric and Geophysical and
Astronomical Services Administration
Department of Science and Technology

Dear **Dr. Malano:**

The Climate Change Commission, in cooperation with the USAID-Building Low Emission Alternatives to Develop Economic Resiliency and Sustainability (B-LEADERS) Project will conduct the "TRAINING WORKSHOP ON THE 2006 ALU SOFTWARE FOR THE FORESTRY AND OTHER LAND USE SECTOR" on October 02-04, 2017 at Tagaytay City (venue to be announced later).

The training workshop aims to provide the participants with a working understanding of the 2006 ALU Software, enabling them to navigate the tool's updated features. At the end of the three-day training program, participants are expected to, among others, use the software to generate GHG inventory reports consistent with IPCC guidelines and formatting.

We would like to invite you or your representatives, to attend the training program. Kindly bring laptop computers because the training program requires the use of laptops (preferably one per participant, but if not, then at least one laptop for your agency) to allow a hands-on training approach. Attached please find the tentative Agenda, for your reference.

For confirmation, please contact: Mr. Ludell Alcala at alcalalb.ccc@gmail.com and/or Ms. Aimee Evangelista at evangelistaas.ccc@gmail.com or through Phone No. (+632)9258954.

We are looking forward to your positive response. Thank you very much.

Very truly yours,

EMMANUEL M. DE GUZMAN ✓
Acting Vice Chairperson and Executive Director
