Dear Ms. Rosales and PAGASA GFPS,

Acknowledging receipt of the HGDG-PIMME Checklist (Box 16 and 17) for **row 10 Attributed Program – Effective Communication of Climate Services**.

Upon validation, I agree with the score of **16.17**. Based on the PCW-endorsed 2022 GPB of PAGASA, the approved GAD budget for this program is **Php 60,470,450.50**. Hence, the actual GAD expenditure is **Php 48,890,359.23** and not Php 33,025,125.00

Below is the formula:

$$16.17/20 \times 100\% = 80.85\%$$

$$80.85\% \times \text{Php } 60,470,450.50 = \text{Php } 48,890,359.23$$

Since this review/comment is already outside of the GMMS after the 2nd pass review, kindly attach this email as an update and annex with the 2022 GAD AR with final observations and remarks, for reference and submission.

Thank you very much.
