SUPPLEMENTAL / BID BULLETIN

Addendum No. 2020-003NP-02

Subject: **Supply, Delivery and Testing of Four (4) Units of High End Tower / ABC Php 1,800,000.00 /
PR No. 2020-01-0079 / Ref. No. IB 2020-003NP**

This Supplemental/Bid Bulletin is being issued to all prospective bidders to clarify, amend and/or modify certain provisions in the Bidding Documents and to answer the written clarificatory questions submitted by prospective bidders, to wit:

Query from **Integrated Computer Systems, Inc.**

Question(s)	PAGASA BAC Answer(s)
<u>Technical Specifications</u>	
1. Intel Xeon Gold 6130 2.1 GHz, 3.7 GHz Turbo, 16C, 10.4GT/s For the processor, may we offer the transition model of this of Intel Xeon Gold 6130? Per checking it is now replaced by Intel Xeon Gold 5218.	Upon looking at several benchmarks, Intel Xeon Gold 5218 has the better score than Intel Gold 6130 so this could be considered.
2. 8 x DVD +/- RW 9.5 mm Optical Disk Drive Requesting to add "or equivalent" on the optical drive.	Optical disk drive would not be crucial to day to day operation of the server but it would be required to have one as contingency in data I/O so having any equivalent could be considered.
3. Dual NVIDIA Quadro P2000, 5GB (7x20T) Is it possible if we provide a single graphics card only? With the given processor requirement and rack form factor, there are limitations when it comes to configurations since it takes up a slot inside the rack workstation.	Single graphics card can be considered.

This shall form an integral part of the Bid Documents.

For guidance and information of all participating bidders.
