SUPPLEMENTAL / BID BULLETIN

Addendum No. 2022-019-01

Subject: Supply, Delivery, Installation and Testing of ICT Equipment for in-house Development of the Research and Development Information Systems / PR No.2022-05-0369

This Bid Bulletin is being issued to all prospective bidders to clarify, amend and/or modify certain provisions in the Bidding Documents and to answer the written clarificatory questions submitted by prospective bidders to wit:

Question(s)	PAGASA BAC Answer(s)
<p>LOT A: Item 2 -High End Laptop Line a - would like to request to relax this to at least 15.6-inch FHD display? Since the screen size 15.6-inch is traditionally FHD Line c - Would you consider a Quadro equivalent? Quadro graphics are built for commercial tasks like modeling and rendering which they handle better than most consumer graphics. Line f - Would you consider relaxing the color option to manufacturer standard since these differ per brand</p>	<p>Line a, c and f The specifications set by the end-user unit of the Project represents the minimum technical specifications. Thus, interested bidders may be allowed to alternative offer that is compliant and responsive to the specific requirements of the Project.</p>
<p>LOT A: Item 3 – Semi High-End Laptop Line a - would you consider something equivalent in terms of Cores, Cache, and frequency?</p>	<p>The specifications set by the end-user unit of the Project represents the minimum technical specifications. Thus, interested bidders may be allowed to alternative offer that is compliant and responsive to the specific requirements of the Project.</p>
<p>LOT C: Item 1 -Desktop Computer Line a - would you consider an Intel Counterpart? Line d - would you consider a Quadro graphics counterpart? Line g - Would you consider relaxing to Generic high-definition Audio instead? Since this differs per brand.</p>	<p>Line a, d and g The specifications set by the end-user unit of the Project represents the minimum technical specifications. Thus, interested bidders may be allowed to alternative offer that is compliant and responsive to the specific requirements of the Project.</p>
<p>LOT D 14" Laptop Line a - would you consider an Intel Counterpart? Line d - would a non-soldered memory be acceptable? Line f - would you consider relaxing to integrated graphics instead? Since per checking this is the integrated graphics for AMD CPUs.</p>	<p>Line a, d, f, g, h and i The specifications set by the end-user unit of the Project represents the minimum technical specifications. Thus, interested bidders may be allowed to alternative offer that is compliant and responsive to the specific requirements of the Project.</p>

Line g - would like to request to relax to 250 nits.
Rest assured that the brightness would still be vibrant for indoor

Line h - Would like to request to relax to just 3-cell battery. Since the battery life would be dependent on the use time of the device.

Line I - Would you consider a wireless mouse from the same brand as the laptop?

This shall form an integral part of the Bid Documents.

For guidance and information of all participating bidders.
