QUESTION/s	PAGASA-BAC ANSWER/s
1. For Single Largest Completed Contract (SLCC) the project is composed of different security and network components, can we provide security components only? As most of the bid are either all security products or network products	Yes, you can provide security components only as your Single Largest Completed Contract (SLCC) because they are related.
2. Can we request to extend the delivery lead time to up to 60 calendar days as most of the components on this project are order basis and will be shipped from other countries?	We cannot allow a sixty (60) calendar days' delivery period. But we will allow a maximum of forty five (45) calendar days from the original twenty (20) calendar days.

This shall form an integral part of the Bid Documents.

For guidance and information of all participating bidders.
