29 November 2019

Subject: 1. Supply, Delivery, Installation, Testing, Training and Commissioning of Expansion of Nationwide Network of Compact High Frequency Radars (HFR) for Remote Sensing Observation of Ocean Current and Wave Monitoring *Reference:* PR No. 2019-10-2005 / IB No. 2020-004 / ABC: Php176,000,000.00

This Supplemental/Bid Bulletin is being issued to all prospective bidders to clarify, amend and/or modify certain provisions in the Bidding Documents and to answer the written clarificatory questions submitted by prospective bidders, to wit:

A. Query from STATE ALLIANCE ENTERPRISES, INC.

Query No.	Particulars	Answers
1.	<p><u>Terms of Reference (TOR)</u></p> <p>F. Infrastructure – Bidders must conduct actual site survey to have accurate information and assessment. The bidders must present certification from local area for the conduct of the inspection and assessment:</p> <ul style="list-style-type: none">➤ May we request this to be done by the winning bidder after receipt of Notice to Proceed (NTP) as this takes more than 3 days (excluding travel time) for each site to coordinate with (LGU) Local Government Unit, if the LGU in charge was available during those time of visit and allowing us to collect data and after collecting data we will review it at office.➤ And we still need to request from PAGASA office the authorization letter, authorizing our company to conduct site survey at designated area.	<p>The participating prospective bidders are not required to submit this document during the opening of bids. Thus, only the winning bidder will submit this requirement.</p>
2	<p>G. Service Maintenance Vehicle</p> <ul style="list-style-type: none">- color metallic silver- Displacement: 2500 cc <ul style="list-style-type: none">➤ If the car dealer / manufacturer does not produce the metallic silver by that time can we offer silver➤ Is it acceptable for Displacement 2.488cc	<p>Yes, silver color is accepted</p> <p>Yes, 2.488cc displacement is acceptable</p>

"tracking the sky...helping the country"

<p>3</p>	<p>H. TESTING PROCEDURE-</p> <p>The bidder shall submit a detailed procedure or methodology in the conduct of test procedure and the same shall be fully validated and tested on site. Bench test procedures for alignment for circuits in modules, etc. shall be provided. The procedure shall be such that it can be easily accomplished using standard test equipment and external power supplies. Test procedure should be conducted for data reception at workstations. All parameters shall be assessed and verified by PAGASA representative at site and should be properly documented.</p> <p>Bench test procedures for HF radar electronics shall also be provided. The procedure shall be accomplished using standard test equipment and external power supplies.</p> <ul style="list-style-type: none"> ➤ May we request this to be done by the winning bidder. ➤ As this can be done after completion of installation and during training schedule at site with the present of PAGASA representative. 	<p>A detailed procedure or methodology in the conduct of test procedure and fully validated and tested on site should only be submitted by the winning bidder. This should not be a part of bidding documents to be submitted during the opening of bids by the participating prospective bidder/s.</p>
