Question(s)	PAGASA BAC Answer(s)
Clarifying on the compliance matrix if it is for possible purposes or the items are going to purchase as well?	We already have a hardware and we only need for the activation of the hardware. Likewise, there should be a three (3) year standard warranty on software updates, bugs and fixes.
Clarifying if there is any additional software service for the span of 3 years subscription or just the license itself?	We only need a license activation.
