

# Typhoon Egay {Doksuri} 24 Hour Forecast

Philippine Atmospheric Geophysical  
and Astronomical Services  
Administration

## Storm Surge Warning #09

**Typhoon Egay**  
Issued: 2:00 AM, Tuesday  
July 25, 2023

### Storm Surge Warning #09

A HIGH risk of storm surge may occur within the next 24-hours. There is a possibility of life-threatening inundation from rising sea water along with high waves in the low lying coastal communities in the municipalities of:

**See Attached List**

### Recommended Action

Residents living in the low-lying coastal communities are still advised to:

- > Stay away from the coast or beach;
- > Cancel all marine activities;
- > Be aware and follow the latest updates from PAGASA

NOTE: Inundation / flood depth due to storm surge depends on the topography of the area.
