Severe Tropical Storm Maring (KOMPASU) 24 Hour Forecast Storm Surge Warning #01

Severe Tropical Storm Maring 2:00 PM, Monday October 11, 2021

Storm Surge Warning #01

Minimal to moderate risk of storm surge may occur in the next 24 -hours. The possibility of up to 1.0 meter rise in sea water may be experienced in low lying coastal communities along the path of SevereTropical Storm Maring, Likewise, residents along the coast may also experience the occurrence of high waves of 1 meter or higher.

See Attached List

Recommended Action

Residents living in the low-lying coastal communities in the provinces/municipalities as mentioned in the list are advised to:

- > Stay away from the coast or beach;
- > Cancel all marine activities:
- > Be aware and follow the latest updates from PAGASA

NOTE: Inundation / flood depth due to storm surge depends on the elevation and topography of the area.
